

Free Stand Turntable

Mobile turntable system combines outstanding rotational accuracy with smooth and stable operation. The robust structural design provides excellent load-bearing capability.

Equipped with high-precision motor and an integrated handle design, the system enables smooth operation and easy mobility. The portable structure allows convenient transportation and repositioning at any time, making it ideal for flexible deployment scenarios while maintaining stable and accurate performance.

Model	TPZT-1.2 WF / TPZT-1.5 WF
Diameter	TPZT-1.2 WF: 1.2 m TPZT-1.5 WF: 1.5 m
Height	TPZT-1.2 WF: 150 mm TPZT-1.5 WF: 170 mm
Load capability	TPZT-1.2 WF: 300 kg TPZT-1.5 WF: 500 kg
Material	Polypropylene
Rotating angle	-20° to 380°
Positioning accuracy	+/- 1°
Rotating speed adjustable	0.5 rpm to 2 rpm
Motor	Step motor
Turntable drive	Chain drive
Control cable	Fiber optic lines
Interference suppression	CISPR22 Class B -10dB
